### UNITED NATIONS SMALL ARMS TREATY

The Obama administration is working with the United Nations to pass a new “Small-Arms treaty.” It is nothing more than a massive GLOBAL gun-control scheme, designed to register, ban and confiscate firearms from law-abiding citizens. Look for this new treaty to be designed to FORCE national governments to enact tougher licensing requirements, making law-abiding citizens cut through even more bureaucratic red tape just to buy a firearm legally. The United Nation’s “Small Arms Treaty” would also likely ban the trade, sale and private ownership of ALL semi-automatic weapons. The ratification of this treaty would also likely create an international gun registry, setting the stage for full-scale gun confiscation. Therefore: urge your Senators to vote AGAINST ratification of the UN’s “Small Arms Treaty.” [Senator’s name / United States Senate / Washington, DC 20510]

## WAKE UP AMERICA

“You are in a cultural war, and you are loosing. There are those in your ranks political, social, economic, military, religion, entertainment, education, labor unions and corporations that would destroy your God given rights, enumerated in the Bill of Rights of the Constitution of the United States. They determine the destruction of a sovereign constitutional Republic in favor of a one world socialist dictatorship. **You and your Second Amendment rights stand in their way.**”

The Constitution (Second Amendment) guarantees my right to protect my nation from those who would take both away from me. I will stand my ground.

*“Our task of creating a socialist America can only succeed when those who would resist us have been totally disarmed.”*  
— Sarah Brady, Chairman of Handgun Control, Inc., quoted in the *National Educator*.

*“Waiting periods are only a step. Registration is only a step. Prohibition of private firearms is the goal.”* — Janet Reno, Attorney General of the United States in Bill Clinton’s administration

*“People ought to have to register guns like they register cars.”* — Bill Clinton on ABC, Good Morning America

*“A system of licensing and registration, is the perfect device to deny gun ownership to the bourgeoisie.”*  
— Vladimir I. Lenin

*“Taking guns from law abiding citizens would not disarm that small percentage of those willing to break the law. Punishing people who obey the law is backward thinking, not sane, rational thinking. It is a predetermined plot of subversion to destroy national sovereignty and our constitutional Republic and build upon its ashes an international socialist world dictatorship.”* — Ron Cowan

*“... when government seeks to disarm the citizens, it plainly intends to take away their freedom. No movement in America should alarm Americans as the gun control movement because its true aim has nothing to do with crime, but everything to do with disarming honest, decent Americans.”*  
— News Columnist Charley Reese (Feb. 2, 1999 in the Conservative Chronicle).

*“The strongest reason for the people to retain the right to keep and bear arms is, as a last resort, to protect themselves against tyranny in government.”* — Thomas Jefferson

### THE PROBLEM IS NOT ILLEGAL WEAPONS, BUT ILLEGAL GOVERNMENTS!

**“Only an outlaw government would outlaw guns. Gun control is people control. People control is totalitarianism. When we lose our guns, we lose our constitutionally devised defense against despotic government. Free men own guns, slaves don’t. Those who would disarm the citizen of these United States are the enemies of America and her people. No matter who they are, or what their position, these enemies of freedom should be impeached, indicted, tried and imprisoned or executed.”** — Ron Cowan

## **...Then They Said, Board The Train.**

### **WE ARE THE ENEMY THE GOVERNMENT FEARS**

In preparation for the disarming of America, our law enforcement agencies now refer to the general public as [civilians]. That is a referenced military term. These same agencies now carry fully automatic rifles, and in some instance grenades. Cities are buying military tanks with ADS systems installed on them and many are buying drones to spy on their populations; drones which will be fully capable of being armed. Who is it they are preparing to wage war on?

And guess who it is that will show up at your door in full battle rattle to demand your guns? The UN? Not hardly! Those who show up at your door (and they will show up) will be dressed in military gear meant for war. Since they will not be in Iraq or Afghanistan or any other country we are aggressively terrorizing.....who is it they are preparing to wage war on? It appears this will be war on American

soil with what used to be [American's] dressed for war against the remaining American public. We are the enemy our government fears and we currently have the means to fight back against assaults by our own government.

There is not one of us who possesses the fire power or weaponry equivalent to what our own government is prepared to use against us to force us into submission. Still, this will not stop a great number of Americans from fighting back.

While this unconstitutional treaty is sold to the public, they will speak great volumes about how disarming everyone (except police, the military, special agents, special ops, FBI, CIA, NSA, and every other corporate federal agency) will help bring [peace] to the world, I don't believe it will be quite that easy.

Peace will be the last thing the criminal gang on CRAPitol Hill will achieve here at home if they do not stand up to this assault on the 2nd Amendment.

This private communication is from one of the beneficiaries of the instruments known as the "Declaration of Independence", and his standing as one of The People, is pursuant to Common Law, the law of the land, of the Republics known as the united States of America, and his law is declared as being the Common Law, and his status that of being one of The People, with supreme authority over himself not others.

## **OBAMA'S PLOT FOR WAR AGAINST AMERICAN GUN OWNERS?**

There's one organization in America that's loading up on masses of assault rifles and enough ammunition to run a 10-year shooting war. That organization is, of course, the U.S. federal government and its Department of Homeland Security (DHS), which has purchased a total of 1.6 billion rounds of ammunition to be used domestically, inside the United States. It begs the question: Why does the Department of Homeland Security -- named after Hitler's "Office of Fatherland Security" -- need 1.6 billion rounds of ammo?

### **Obama's government stockpiles weapons of mass destruction**

The DHS began all this in April of this year, with the purchase of 450 million rounds of hollow point .40 caliber ammunition. This is significant for two reasons:

- 1) DHS does not fight wars with foreign nations. It's entire theater of operations is on U.S. soil, dealing solely with the American people.
- 2) Hollow point ammunition is banned by the Geneva convention and is not used by the U.S. military. This ammunition can only be used domestically, in the United States, against U.S. targets or people.

Along with these 450 million rounds of ammunition, DHS also purchased \$400,000 worth of radiation protection pills and thousands of bullet-proof roadside checkpoint booths. Is it expecting a radiological event? (Or perhaps planning one?) These 450 million rounds of ammo, *Natural News* calculated, is enough to wage a 7-year war with the American people.

### **Obama's government stockpiling millions of rounds of ammo to arm the DHS and TSA**

You can see the original federal purchase document requesting all this ammunition at:

[http://www.naturalnews.com/files/DHS\\_ammunition\\_buy.pdf](http://www.naturalnews.com/files/DHS_ammunition_buy.pdf)

The numbers in the document, by the way, are in thousands.

In it, you'll discover that the U.S. government has also purchased all the following ammunition in addition to the 450 million rounds of .40 hollow point "anti-personnel" ammo:

- Over one million rounds of hollow-point .223 rifle ammo
- Over half a million rounds of non-hollow-point .223 rifle ammo
- 220,000 rounds of 12 gauge shotgun #7 ammo (target ammo)
- Over 200,000 rounds of 12 gauge shotgun #00 buckshot ammo (tactical anti-personnel ammo)
- 66,000 rounds of 12 gauge shotgun slugs (tactical anti-personnel, anti-vehicle rounds)
- Over two million rounds of hollow-point .357 Sig JPH (hollow-point) pistol ammo (anti-personnel)
- Over four million rounds of .40 S&W JPH (hollow-point) pistol ammo (anti-personnel)
- Over 60,000 rounds of .308 match grade anti-personnel sniper rounds (BTHP)
- Plus, hundreds of thousands of additional rounds of .38 special, .45 auto, 9mm, 7.62x39 (AK rifle) ammo, and others.

### **DHS then buys another 750 million rounds of anti-personnel ammunition**

A few months after buying the 450+ million rounds of ammo to be stockpiled by Obama's government in the United States, the DHS then went on to purchase another 750 million rounds of ammunition. Additional contracts were added after that, bringing the grand total of government ammo purchases in 2012 to 1.6 billion rounds of ammunition. That's over five bullets for every American man, woman and child. It also includes long-range sniper rounds.

By comparison, a citizen is considered to be a stockpiling "terrorist" prepper if they own just 1,000 rounds of ammo. The government, however, can purchase billions and the mainstream media doesn't even question it. Where is all this ammunition going? It's being stockpiled by the federal government, awaiting some future event during which it will apparently be "activated." Why else would you stockpile something if you don't anticipate needing to use it someday?

During all this, Obama and his cohorts in Washington are loudly insisting that American citizens have no right to purchase firearms or ammunition, and that new laws will soon be enacted to make sure you cannot do what the government does: stockpile weapons and ammo.

### **Obama has armed security personnel for self defense, but YOU can't have self defense**

The United States of America was founded on the idea that an armed citizenry is the only thing that can be trusted to keep government honest, but that idea has now been turned upside down. The new message today is that an armed government is the only thing that can be trusted, and that individual citizens are all potential terrorists and mass murderers.

You can't be trusted because you're just a hard-working American taxpayer / slave. Only the government elite can be trusted with guns, you see, because government is so incredibly honest, ethical and trustworthy. And anyone who questions that is obviously a terrorist.

That's the new insanity in Washington D.C. and apparently across the mainstream media where twits like Piers Morgan smear our TV screens with imbecilic profanity as they rant and rave about American citizens giving up all their guns while the government stockpiles masses of assault rifles and billions of rounds of ammunition.

Piers Morgan, in case you haven't figure it out, is precisely the kind of traitorous Tory America's founding fathers would have hanged from a tree in 1776. That this frothing talking moron, a British subject, even sets foot in America today and calls for the mass disarmament of the American people is

tantamount to an act of deliberate sabotage of the very nation that already defeated the British in one war. Morgan is an enemy of America and a traitor to humanity. (A petition is being circulated to have him kicked out of the country and sent back to England.)

### **The picture is now becoming clear**

The government plan for the use of all these guns and ammunition is now becoming clear. It is a plan to engineer a civil war. Here's how it works:

**Step 1)** Obama stockpiles billions of rounds of ammunition, assault rifles, bullet-proof checkpoint booths and sniper rounds for the government while training up a whole new army of psychopathic sex predators known as the TSA.

**Step 2)** Mass shootings of children are either staged or encouraged to make sure they happen with rising frequency. (Aurora, Sandy Hook, etc.). Schools are advertised as "Gun Free Zone" to make sure mass shooters doped up on psychiatric drugs and hypnotic video games know exactly where to go to achieve the highest body count, unopposed by any firearms.

**Step 3)** When the shootings take place, the media jumps on board the emotional bandwagon and parades dead children in front of the public to the point of emotional extortion. The public then leaps to the delusion that gun confiscation will be great for everyone!

**Step 4)** The government then stages a radiological false flag event in a major U.S. city while framing a group of patriots, veterans or "preppers" as patsies.

**Step 5)** This event, which kills 1+ million people, then provides the pretext to declare martial law, suspend the entire Bill of Rights and roll out TSA checkpoints nationwide. TSA agents, who have already proven themselves to be the most masochistic, sick-minded individuals working in government today, are then handed .40 caliber pistols and rifles (yes, they make rifles that shoot .40 pistol ammo) to start waging a shooting war against the American people.

**Step 6)** Now it's all-out civil war: Americans shoot each other up, causing huge casualties on both sides. Much of the weapons and ammo stockpiled by American preppers and patriots is used up in this conflict, and that's exactly the point.

**Step 7)** Once the civil war has torn America apart, the United Nations lands UN "peacekeeping" troops to take command and occupy America. This will be accompanied by strict "gun control" mandates and constant surveillance of the American people with facial recognition cameras, audio-recording street lamps in the cities, and airborne drones watching from the sky.

Obama is given another Nobel peace prize -- mission accomplished! -- for enabling the UN takeover of America. The globalists celebrate.

### **Why we need the Second Amendment for our own survival**

Events like Sandy Hook, you see, are all part of the scripted escalation of violence in America, culminating in the government's declaration of war against citizens. This is precisely why we need the Second Amendment:

*"The strongest reason for the people to retain the right to keep and bear arms," said Thomas Jefferson, "...is to protect themselves against tyranny in government."*

The only way America has a chance to halt the violence, defend the Constitution and restore the Republic is to stay armed and stay vigilant. Because let's be clear: the Obama administration is a criminal operation. The signing of the NDAA, all by itself, should have been clear grounds for not just impeachment, but prosecution for treason.

We are dealing with an out-of-control gang of tyrants in the White House, in DHS and TSA. There are some good men and women inside the FBI, the Pentagon and even the CIA, believe it or not. Those men and women are just as frustrated with what's happening inside the White House as we all are, and they are ready and willing to defend America against criminal traitors like Eric Holder, for example. Once this all starts to unfold, you will see the federal government having a difficult time keeping all its own people in line. There will be internal fracturing in the federal chain of command, and there may even be break-out groups that seek to overthrow the traitors and restore basic liberties in America.

### **Six undeniable facts**

How all this actually plays out in anyone's guess, but there are several points I can assure you are very real:

**Fact #1)** The government is arming to the teeth, stockpiling more than five rounds of ammunition for every American man, woman and child.

**Fact #2)** The American people are also arming to the teeth, buying up millions of firearms and billions of rounds of ammunition at a record pace.

**Fact #3)** The Obama criminals have become arrogant and stupid, thinking they can pull off anything. They will over-estimate their power and soon overstep their bounds in trying to crush the remaining liberties of the American people. There will be a huge reactionary counter-effort.

**Fact #4)** There are good people still within the government and especially the military who are loyal to the Constitution and despise the communist-influenced gang that now occupies the White House.

**Fact #5)** The government can and will stage false flag attacks to blame its enemies and centralize power. This is true throughout human history.

**Fact #6)** Something much larger than Sandy Hook is in the planning stages, I believe. Look for a radiological attack of some sort, such as a dirty bomb being set off in a major U.S. city by a rogue group working under Obama. This will be used to terrorize Americans and blame patriots, unleashing an all-out war against individual liberty in America.

## **FIVE HOURS AFTER OBAMA WAS SWORN INTO OFFICE FOR HIS SECOND TERM HE PRODUCED A PROPOSED GUN-BAN LIST**

**The list is too exhaustive to reproduce here, but it includes semi-automatic rifles, pistols and shotguns. Semi-automatic shotguns are a major choice of hunters of ducks, geese, quail, pheasants, rabbits and deer with deer slugs. (In Illinois rifles are not allowed for deer hunting except for muzzle loaders due to heavy population in many areas). The list was ready for such a tragedy as the Connecticut massacre. As former White House Chief of Staff (under Obama) Rahm Emmanuel, now Chicago Mayor once said, "Never let a good crisis go to waste."**

## **BLOOMBERG HEADS GROUP OF THUGS AGAINST GUNS**

Mayor Michael Bloomberg dreams of taking away our guns and will clearly take any means necessary to do so. He put together a coalition of sorts named **Mayors Against Illegal Guns**. Multi-millionaire Mayor Bloomberg also set up a PAC with millions of dollars to go after pro-gun rights people running for office. We're not going to let him attack our rights scot-free. We're going to attack back.

All of us are against illegal guns, Mr. Mayor, Maybe their group should be called Mayors Against LEGAL Guns. This group of people Bloomberg has assembled are scattered all throughout the United States lobbying for new gun control laws. The interesting part about this group of lobbyists is that many of them cannot legally own a firearm due to their criminal past yet these are the people Mr. Bloomberg hired. If Mayor Bloomberg wants to align himself with this criminal element of mayors to push for gun control, we think the public should know about it.

Maybe Bloomberg should be looking for background checks of who he signs up to be in his mayor's coalition rather than worrying about background checks of gun owners. This is a list of current or former members of Bloomberg's posse and their squeaky clean or rather sickening records:

Sheila Dixon - Baltimore, MD Convicted of perjury and embezzling funds meant for charity

Eddie Perez - Hartford, CT Convicted of bribery and extortion

Gary Becker - Racine, WI Convicted of attempted child molestation and luring a child for illicit purposes

David Donna - Guttenberg, NJ Convicted of extortion and tax fraud

Buddy Cianci - Providence, RI Convicted of assault and racketeering

Frank Melton - Jackson, MS Convicted of violating his own

Samuel Rivera - Passaic, NJ Convicted of extortion and accepting bribes

Richard Corkery - Coaldale, PA Convicted of child pornography and bail violations

Jeremiah Healy - Jersey City, NJ Convicted of disorderly conduct and resisting arrest

Adam Bradley - White Plains, NY Convicted of domestic violence charges

Will Wynn - Austin, TX Convicted of assault

Gordon Jenkins - Monticello, NY Pled guilty on five counts of trademark counterfeiting

Kwame Kilpatrick - Detroit, MI Convicted of assault on a police officer and perjury. Convicted on 60 counts of bribery, fraud, moneylaundering, tax evasion

Roosevelt Dorn - Inglewood, CA Pled guilty to public corruption and embezzlement charges

Pat M. Ahumada Jr. - Brownsville, TX Arrested three times for driving while intoxicated

April Almond - East Haven, CT Arrested and charged for interfering with a police officer

Tony Mack - Trenton, NJ Recently charged for accepting \$119,000 in bribes

Michael Bloomberg created this group to further his personal agenda of public disarmament. In short, many of these elitist politicians can no longer own firearms. The crimes they were convicted of suggest they are public enemies rather than public servants. While Michael Bloomberg has been campaigning to turn gun owners into criminals, the criminals in his own ranks were engaged in such activities as tax evasion, extortion, accepting bribes, child pornography, trademark counterfeiting and perjury. One was even convicted of assaulting a police officer.

And these people have the audacity to smear law-abiding gun owners as potential criminals, simply

because they exercise their constitutional right to keep and bear arms. He should pay more attention to what his friends are up to than worry about the gun owners he's been trying to demonize.

The next four years are not going to be easy. **OUR SECOND AMENDMENT RIGHTS ARE IN JEOPARDY NOW MORE THAN EVER BEFORE IN AMERICAN HISTORY.** Gun control affects law abiding citizens not criminals. There will always be a way for them to get weapons. We will not surrender to the gun control agenda, you can make a difference.

Help Us Continue The Fight To Protect Our Second Amendment Rights By Exposing Mayor Bloomberg's Coalition Of Criminals!

Sincerely,

Alan M. Gottlieb

# LETTER TO PRESIDENT OBAMA

President Barack Obama  
The White House  
1600 Pennsylvania Avenue  
Washington, DC 20500

December 24, 2012

Sir,

You and I have taken an oath to defend the Constitution. I am afraid only one of us has taken that oath seriously. The Constitution comes as a package. You cannot pick and choose the parts you like and reject the rest. If you despise guns so much, allow me to invite you to relocate someplace where only the government has guns, somewhere like Communist China, Cuba or Cambodia. You would no doubt be more comfortable there.

We (the people) would appreciate it if you would quit dancing in the blood of murder victims to promote your communist agendas. It is too nauseating.

Yours to reclaim our constitutional Republic,

## A LEGITIMATE OBAMA QUESTION

Let me get this straight ....

We're going to be "gifted" with a health care plan that we are forced to purchase and fined if we don't. The health care purportedly covers at least ten million more people, without adding a single new doctor, but provides for 16,000 new IRS agents, written by a committee whose chairman says he doesn't understand it, passed by a congress that didn't read it but exempted themselves from it, and signed by a president who smokes, with funding administered by a treasury chief who didn't pay his taxes, for which we'll be taxed for four years before any "benefits" take effect, by a government which has already bankrupted Social Security and Medicare, and financed by a country that's broke!!! What in the world could possibly go wrong???

 OBAMA CARE

**ABORTION**  
does NOT make you  
**Un-pregnant!**  
It just makes you  
the **MOTHER** of a  
**DEAD BABY.**

ObamaCare is not only voodoo "medicine."  
but is also voodoo "economics." It is otherwise,  
called totalitarian Marxism.

How could anyone vote for a man who thinks stab-  
bing a nearly born baby in the head and sucking  
her brains out is a legitimate medical procedure?

## BLOOMBERG DICTATORSHIP

Michael Bloomberg, Mayor of New York City and civilian gun disarmament freak, has now proposed that the New York City Health Board regulate sales of sugary soft drinks by restricting them to no more than a 16 ounce container.

Bloomberg's actions are typical of modern day Democratic politicians. They are like Obama and Bloomberg who see a large, strong, and centralized government as the answer to everything. That is nothing but Marxist totalitarianism. They deem themselves as knowing and doing what is best and will take care of us from cradle to the grave, blindly trusting the nanny state to see us through life. The majority of voters seem to have bought into that slavery (if the vote count was legitimate, which is questionable due to discrepancies found).

In Bloomberg's case, New York City laws and administrative regulations are not voted on by its citizens. In 2002 Bloomberg banned smoking in all restaurants and bars in NYC. Then in 2011, he banned smoking in all NYC beaches and parks. In 2006 he banned the use of transfat in all foods prepared in NYC restaurants and required all chain outlets with more than 15 outlets to post within two years information on the number of calories in standardized food items.

In 2008, Bloomberg proposed Congestion Pricing (due to carbon emissions) for cars entering NYC from other areas. This \$8 tax per car was to be on any car entering or leaving Manhattan. The New York State Legislators declined to bring the measure to vote.

In 2009 the National Salt Reduction Initiative proposed a voluntary effort on behalf of Americans' food producers to reduce salt consumption by 20 percent.

In 2011 the Obama Administration rejected Bloomberg's proposal barring the use of food stamps to purchase high sugar drinks. Bloomberg also proposed an 18 percent tax on sodas which was turned down by the New York State Legislature.

Government and matters of health is a matter of whether to be free, or not to be free. Wise choices or otherwise, individuals should be free to exercise his own choices. But the "progressive" (Marxist-minded) Democrats would substitute the Declaration of Independence for their "Democratic Document of Dependence." Information for this article was gleaned from Illinois state representative Dwight Kay's article Counterpoint: Government & Matters of Personal Health in Illinois Business Journal dated July 2012.

### **SOLUTION TO IDIOTIC "GUN-FREE ZONE LAWS" AND SCHOOL MASSACRES**

Some surmise that placing police in schools will avert massacres in schools; but if in uniform, they make good first targets, and it racks up more burden for tax payers. Better to have teachers with concealed firearm permits protect those near them as is done in the school in Harrold, Texas.

### **DESPITE NATIONAL TRAGEDY, TRUTH IS, GUNS SAVES LIVES FBI statistics prove 2nd Amendment must remain intact. / Guns saves lives.**

**Florida** Department of Law Enforcement has reported, "The overall crime rate has had a significant decrease of 56.7 percent [from] 1991 to 2011. Florida's population increased 43 percent during that period. One in every 17 Floridans now holds a permit allowing them to carry a concealed firearm. In 1991, when the Florida population was 13 million people, 1,276 murders occurred. Two decades later, with a population of 19 million, that number of murders dropped to 985.

**Chicago** is facing 38 percent rise in homicides. During the first six months of 2012, black on black violence resulted in 80 percent of Chicago's murders. Blacks make up 33 percent of the population, but account for 78 percent of the murders. Chicago Mayor Rahm Imanuel has called on the FBI for help. Chicago's strict gun laws are a failure, with law abiding citizens going without legal means of protection.
